Open Temple allows for families to pay the total amount upfront or over time with a set payment plan. If you would like to register for a payment plan, our standard formula is explained below. Full payment is due 6 weeks before the date of the B'nai Mitzvah.

$6,500 / # of months until due

For example, if the B'nai Mitzvah is scheduled to take place on June 1, full payment must be received by April 20. To set up a payment plan that starts June of the previous year your payment will take place over 10 months, resulting in a monthly payment of $650. If you would like to move forward with the payment plan, we require a payment authorization form allowing us to automatically set up payments each month. You are welcome to authorize payment from a bank account or credit card.

Please note that in order to participate in our B'nai Mitzvah program, you must have a Family Co-Creator membership with Open Temple. This membership is a separate cost, and comes with additional benefits. For more information on how to become a Co-Creator please contact Open Temple.
